

SERVICES

BCCMHA serves Barry County residents who want and need help and meet eligibility requirements; services are based on an individual's needs and desires along with consideration for what services are medically appropriate. Some services require Medicaid eligibility.

COSTS

BCCMHA accepts some insurances for provided services. Most out-of-pocket costs are determined by an ability to pay system as specified by state law. For persons without insurance coverage who meet eligibility, an ability to pay assessment will be provided to determine what, if any costs, will need to be paid out-of-pocket. Because BCCMHA needs to make sure state and federal money is spent appropriately and accurately, it is necessary to verify the individual's insurance at each visit. BCCMHA also needs to know as soon as possible if there are changes in insurance, income or an address. It is important for the individual to know that if another resource is available for service payment and the individual refuses to use that resource, the individual may be charged the full fee for services. Rates for services are available upon request.

RIGHTS

The rights staff can assist and assure that rights are respected. The Recipient Rights Staff will assist in filing a complaint if an individual believes his or her rights have been violated. Please contact our Recipient Rights Officer at 269-948-8041.

CUSTOMER SERVICE

Customer Service is available to talk about service concerns and assist with connecting to other services and community resources. Please contact a Customer Service Representative at 269-948-8041 and/or SWMBH Office at 1-800-890-3712.

WELCOME TO BCCMHA

At Barry County Community Mental Health Authority (BCCMHA), we provide mental health and substance use disorder services to residents of Barry County, in an accessible and affordable manner. Our goal is to provide treatment, recovery, and hope for individuals in the most effective, least restrictive level of care, and to create the best possible environment for independence and wellness for people living with mental illnesses, intellectual and developmental disabilities, and / or substance use disorders.

PRIVACY

Records are kept electronically in a secured system and are available in accordance with state and federal laws regarding privacy. All privacy rules and recipient rights will be explained at the first visit.

ACCESSIBLE AND AFFORDABLE MENTAL HEALTH CARE

As a provider of comprehensive mental health services, our continuum of care extends to all ages, with a multitude of services including outpatient, home-based, school, and community-based programs. We follow a recovery model which emphasizes and supports each individual's potential for mental wellness, empowerment, and social inclusion. Services are provided in a person-centered, family-driven and youth-guided manner. Individuals, families and youth have an empowered, decision-making role in how their care is delivered.

We are accredited by Commission of Accreditation of Rehabilitation Facilities (CARF).

Barry County Community Mental Health Authority is a member of Southwest Michigan Behavioral Health (SWMBH).

Barry County Community Mental Health Authority complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex.

SUBSTANCE USE DISORDER SERVICES

SUBSTANCE USE DISORDER TREATMENT

BCCMHA offers a full range of clinical services for adolescents and adults to address and overcome substance use disorder issues. Substance Use Disorder Evaluations determine potential treatment needs, or document recovery efforts as required by the License Appeal Division of the Secretary of State, are also available.

SUBSTANCE USE FOR PREVENTION SERVICES

These services include community and school-based programs. Classes and presentations focusing on the prevention of substance use, geared towards youth, families and adults.

MEDICATION ASSISTED TREATMENT

BCCMHA's substance use disorder services program works with a certified Suboxone doctor to assist individuals with narcotics addiction, in staying clean and sober, and rebuilding their life.

LICENSE APPEAL ASSESSMENT

This assessment helps document a person's recovery efforts as required by the Licensing Appeal Division of the Secretary of State. This process supports the potential return of driving privileges. Pre-payment is required.

GENERAL SERVICES

AUTISM SERVICES

BCCMHA provides services to children under the age of 21 who fall on the Autism Spectrum and meet eligibility criteria.

CASE MANAGEMENT SERVICES

Case Management offers clients assistance with linkage to community resources, monitoring current needs, coordinating services, and providing advocacy when necessary. Case Management services also assist clients with obtaining appropriate referrals within BCCMHA and the community.

COMMUNITY LIVING SUPPORTS

This service is designed to help clients increase their personal self-sufficiency, independence, productivity, and community inclusion/involvement.

CONSULTATION & PREVENTION SERVICES

BCCMHA promotes support and teamwork with other groups for those served. Education programs and community awareness are offered in an effort to prevent problems and stressors from becoming severe mental health problems.

EMERGENCY SERVICES

Services are available 24 hours a day/365 days a year to assist individuals in need.

FAMILY SUPPORT SUBSIDY PROGRAM

This program provides financial assistance to families that include a child with severe developmental disabilities. The intent is to help make it possible for children with developmental disabilities to remain with or return to their birth or adoptive families.

INTEGRATED CARE SERVICES

BCCMHA recognizes the importance of integration of behavioral health and medical services. BCCMHA coordinates and collaborates with community medical providers and also assists individuals in establishing a primary care provider when necessary. BCCMHA continues to seek new avenues to bridge the gap between medical and behavioral health providers and deliver comprehensive care to Barry County residents.

OUTPATIENT CLINIC SERVICES

Outpatient therapy services are provided to eligible Barry County residents ages 0 and up, who meet medical necessity criteria for Severe and Persistent Mental Illness and/or Children with Serious Emotional Disturbance. Specialty services within this area include Infant Mental Health, Family and Children's Services, Adult Services and Senior Services. Outpatient services may include one or a combination of the following: consultation, group, individual, or family/child therapy. Intensive Outpatient Services are available for individuals who may be experiencing more urgent emotional symptoms. Limited testing services are also available as appropriate. BCCMHA aims to provide expedient services and efficient solutions to client problems and/or support for stabilization and recovery.

PEER SUPPORT SERVICES

Peer Supports provide support and guidance to individuals involved with the mental health and substance use disorder system to help them attain wellness and recovery.

PSYCHIATRIC SERVICES

Psychiatric services provide evaluations and monitoring of psychiatric medications for clients referred to this program during intake or during the course of other BCCMHA services.

RESPIRE SERVICES

Respite services assist clients in maintaining a goal of living in their natural home setting. Respite is provided on a short-term basis to relieve the client's family or primary care-giver(s) from on-going care demands.

SELF DETERMINATION

Any individual receiving services from BCCMHA can do so under a Self-Determination arrangement. This allows individuals the flexibility to choose their own providers and operate under the five principles of freedom, support, responsibility, authority and confirmation.

SKILL BUILDING ASSISTANCE

These services assist individuals to increase their economic self-sufficiency and to engage in meaningful activities (school, work or volunteering). These services provide knowledge and specialized skill development and/or support.

SUPPORTED EMPLOYMENT

A service to assist adults with disabilities to get a job and do well at that job in the community.

***Our Mission:** Barry County Community Mental Health Authority will provide accessible and affordable mental health and substance abuse services focused on prevention, treatment and rehabilitation to county residents who can benefit from our endeavors and assistance. Our mission will be supported by efficient and prudent use of our finances and appropriate diversification.*

*Prevention services are funded in part by Barry County United Way.
